

At the Lawrence campus, the KU School of Business offers a Bachelor of Science in Business degree, with eight unique major options: Accounting, Business Administration, Business Analytics, Finance, Information Systems, Management & Leadership, Marketing and Supply Chain Management. Please note, the Bachelor of Science in Business program is offered in a traditional classroom format, with few options for evening/online courses.

This transfer guide provides important information and a sample four-semester plan for a student starting at Colby Community College and transferring to KU for the remaining coursework. However, each student's background and goals are unique. Thus we recommend ongoing communication with an advisor in the KU School of Business. See contact information at the bottom of this page.
