

CERTIFICATE: PRACTICAL NURSING

Must have a CNA certification and CPR must be current through the school year.

*

ASSOCIATE APPLIED SCIENCE DEGREE: ASSOCIATE DEGREE NURSING

Students must be an LPN. CPR certification must be current through the school year. A math component of at least Beginning Algebra must be completed before graduation (see math requirement on admission application)

*To meet KBOR regulations, student must 24 credit hours in common support courses. Colby Community College (CCC) requires that Associate Degree Nursing Students earn 5 credit hours of Microbiology. If you are transferring a 4-credit hour Microbiology course, you will be required to take the comprehensive Microbiology exam and pass it with a C or higher to be awarded the additional credit you need. If you do not pass the comprehensive Microbiology exam, you will be required to take the 5-credit hour Microbiology course here at CCC. CCC requires the nursing students earn 5 credit Anatomy and Physiology. If you are transferring more than 5 credit hours of Anatomy and Physiology, CCC will accept only 5 of those hours.

Full Time Program	Credit Hours
Prerequisite Courses from PN Program	
BI276 Anatomy & Physiology with lab*	5
PS276 Developmental Psychology	3
AL102 Medical Terminology	1

ASSOCIATE APPLIED SCIENCE DEGREE: RRT/MICT to ADN

Students must be a graduate of an accredited program and be an RRT (Registered Respiratory Therapist) or MICT (Mobile Intensive Care Technician) with one year of experience. CPR certification must be current through the school year. A math component of at least Beginning Algebra must be completed before graduation (see math requirement on admission application)
